

The secure way to pay and play.

NETELLER®

Part of the NEOVIA Payment Suite™

Trusted by millions of members and thousands of merchants, NETELLER is the world's largest independent online money transfer business. We build and develop our products and services with three core values in mind:

Security

We deliver the best in identity verification and fraud detection technology to protect our customers from the risks of online transactions. Transfers are indemnified, balances are maintained in trust accounts and financial services are authorised and regulated in the UK and across Europe by the Financial Services Authority.

Speed

Using just one account, customers can conduct instant transactions, transfers, currency exchange and more. A multilingual Customer Service Team provides around the clock support, verification and processing.

Innovation

Our innovative payment solutions facilitate instant, safe money transfers in places where it was once difficult and risky. Our products ensure that factors such as identity, currency exchange and distance are no longer impediments to secure online transactions.
