

Give your customers what they want.

NETELLER®

Part of the NEOVIA Payment Suite™

NETELLER proudly presents the premier payment solution your customers will thank you for. Featuring a new application architecture, Instant Payouts v4.0 offers flexible services to intelligently manage payouts to your customers faster than ever before.

Features

- Instant payments
- Real-time payment tracking
- Support for multiple currencies

Key benefits

- Fast, stable, safe payouts to your customers
- Greater flexibility for individual payments
- Confirmation that your payouts are complete

Simple integration

- A simple form to POST variables to NETELLER
- Code to parse the XML response from NETELLER

Immediate customer satisfaction

Instant gratification is the name of the online game. Your customers want to get paid on demand—the faster, the better. As soon as you submit a payout request to NETELLER using Instant Payouts, it is

processed. With support for multiple currencies, you can give your customers what they want. And they already enjoy great customer service, which means they'll be back.

Payment dexterity

With increased throughput and greater control over individual transactions, Instant Payouts v4.0 provides you the flexibility to pay out who you want, when you want in all NETELLER supported currencies.

Feel the pulse of your business

With Instant Payouts v4.0, you can check the status of each payout. You will receive an immediate response with real-time data confirmation.

Quick and easy integration

Contact Merchant Business Development to schedule your integration today. Combine it with your NETELLER Direct v4.1 integration to save development time.
